Contents

Number 1, January 1990

1 S. L. JAMES, J. GLAVEN, S. GOLDENBERG, M. S. MELTZER and E. PEARCE: Tumour necrosis factor (TNF) as a mediator of macrophage helminthotoxic activity

15 V. DELGADO and D. J. MCLAREN: Evidence for enhancement of IgGI subclass expression in mice polyvaccinated with radiation-attenuated cercariae of *Schistosoma mansoni* and the role of this isotype in serum-transferred immunity

33 J. TAVERNE, C. A. W. BATE, D. A. SARKAR, A. MEAGER, G. A. W. ROOK and J. H. L. PLAYFAIR: Human and murine macrophages produce TNF in response to soluble antigens of *Plasmodium falciparum*

45 C. F. GILKS, D. WALLIKER and C. I. NEWBOLD: Relationships between sequestration, antigenic variation and chronic parasitism in *Plasmodium chabaudi chabaudi*—a rodent malaria model

65 L. V. KIRCHHOFF and D. F. HOFT: Immunization and challenge of mice with insect-derived metacyclic trypomastigotes of *Trypanosoma cruzi*

75 J. Y. M. WONG and J. P. OPDEBEECK: Larval membrane antigens protect Hereford cattle against infestation with *Boophilus microplus*

85 J. F. HUNTLEY, C. GOODEN, G. F. J. NEWLANDS, A. MACKELLAR, D. A. LAMMAS, D. WAKELIN, M. TUOHY, R. G. WOODBURY and H. R. P. MILLER: Distribution of intestinal mast cell proteinase in blood and tissues of normal and *Trichinella*-infected mice

Number 2, March 1990

97 S. A. MCLEAN, L. M. MACDOUGALL and R. S. PHILLIPS: Early appearance of variant parasites in *Plasmodium chabaudi* infections

105 A. W. THOMAS, L. H. BANNISTER and A. P. WATERS: Sixty-six kilodalton-related antigens of *Plasmodium knowlesi* are merozoite surface antigens associated with the apical prominence

115 A. BJÖRKMAN, H. PERLMANN, E. PETERSEN, B. HOGH, M. LEBBAD, M. WARSAME, A. P. HANSON and P. PERLMANN: Consecutive determinations of seroreactivities to Pf 155/RESA antigen and to its different repetitive sequences in adult men from a holoendemic area of Liberia

125 J. NEWSON, S. M. MAHAN and S. J. BLACK: Synthesis and secretion of immunoglobulin by spleen cells from resistant and susceptible mice infected with *Trypanosoma brucei brucei* GUTat 3.1

141 L. A. JACKSON and J. P. OPDEBEECK: Humoral immune responses of Hereford cattle vaccinated with midgut antigens of the cattle tick, *Boophilus microplus*

153 H. O. BØGH, M. W. LIGHTOWLERS, N. D. SULLIVAN, G. F. MITCHELL and M. D. RICKARD: Stage-specific immunity to *Taenia taeniaeformis* infection in mice. A histological study of the course of infection in mice vaccinated with either oncosphere or metacestode antigens

163 B. GOTTSTEIN, N. MÜLLER, S. J. CRYZ, M. VOGEL, I. TANNER and T. SEEBECK: Humoral and cellular immune response in mice and dogs induced by a recombinant *Echinococcus multilocularis* antigen produced by a *Salmonella typhimurium* vaccine strain

175 H. J. E. WILLIAMSON, R. A. ALLARDYCE, R. S. CLEMETT and R. R. HIDAJAT: Serum and neutrophils alter the rate of excretory/secretory antigen release by *Toxocara canis* infective larvae *in vitro*

189 F. H. PUJOL and I. M. CESARI: Antigenicity of adult *Schistosoma mansoni* alkaline phosphatase

199 G. R. OLDS and T. F. KRESINA: Characterization of a family of monoclonal antibodies which bind *Schistosoma japonicum* egg antigens and express an interstrain cross-reactive idiotype

213 L. KURNIAWAN, E. BASUNDARI, J. A. FUHRMAN, H. TURNER, H. PURTOMA and W. F. PIESSENS: Differential recognition of microfilarial antigens by sera from immigrants into an area endemic for brugian filariasis

229 Brief communication
R. B. CRANDALL, C. A. CRANDALL and J. K. NAYAR: Injection of microfilariae induces resistance to *Brugia malayi* infection in ferrets and accelerates development of lymphostatic disease

Number 3, May 1990

233 N. K. BOROWY, J. M. STERNBERG, D. SCHREIBER, C. NONNENGASSER and P. OVERATH: Suppressive macrophages occurring in murine *Trypanosoma brucei* infection inhibit T-cell responses *in vivo* and *in vitro*

247 P. GARSIDE, J. M. BEHNKE and R. A. ROSE: Acquired immunity to *Ancylostoma ceylanicum* in hamsters

259 D. I. PRITCHARD, P. G. MCKEAN, M. T. ROGAN and G. A. SCHAD: The identification of a species-specific antigen from *Necator americanus*

269 K. ISHIDA and K. YOSHIMURA: Differences in responses of rat- and guinea-pig-eosinophils to eosinophil chemotactic factors derived from *Angiostrongylus cantonensis*

285 J. EL-ON, M. ZVILLICH and I. SAROV: *Leishmania major*: inhibition of the chemiluminescent response of human polymorphonuclear leukocytes by promastigotes and their excreted factors

297 L. FAVILA-CASTILLO, W. JARRA and K. N. BROWN: The adoptive transfer of T-cell dependent immunity to *Plasmodium chabaudi chabaudi* in CBA/Ca mice is achieved only after superinfection of immune spleen cell donors

309 T. WATANABE, T. YAMASHITA and F. SENDO: Suppression of macrophage-mediated antibody-dependent killing of *Schistosoma mansoni* larvae by concanavalin A stimulated spleen cell-derived factor(s)

321 J. MODHA, J. R. LAMBERTUCCI, M. J. DOENHOFF and D. J. MCLAREN: Immune dependence of schistosomicidal chemotherapy: an ultrastructural study of *Schistosoma mansoni* adult worms exposed to praziquantel and immune serum *in vivo*

335 Brief communication
A. H. FELL, P. M. PRESTON and J. D. ANSELL: Establishment of *Theileria*-infected bovine cell lines in *scid* mice

Number 4, July 1990

341 D. MOSER, O. DOUMBO and M.-Q. KLINKERT: The humoral response to heat shock protein 70 in human and murine *Schistosomiasis mansoni*

353 E. N. MENSON and R. A. WILSON: Lung-phase immunity to *Schistosoma mansoni*: definition of alveolar macrophage phenotypes after vaccination and challenge of mice

367 K. P. PIPER, R. F. MOTT and D. J. MCLAREN: *Schistosoma mansoni*: histological analysis of the synergistic interaction between vaccine immunity and praziquantel therapy in the lungs of mice

389 M. MARIKOVSKY, R. ARNON and Z. FISHELSON: *Schistosoma mansoni*: localization of the 28 kDa secreted protease in cercaria

403 E. MEEUSEN, G. J. BARCHAM, M. D. GORRELL, M. D. RICKARD and M. R. BRANDON: Cysticercosis: cellular immune responses during primary and secondary infection

419 J. M. KATENDE, B. M. GODDEERIS, S. P. MORZARIA, C. G. NKONGE and A. J. MUSOKE: Identification of a *Theileria mutans*-specific antigen for use in an antibody and antigen detection ELISA

435 N. TIRAWANCHAI and R. E. SINDEN: Three non-repeated transmission blocking epitopes recognized in the 21 kD surface antigen of zygotes-ookinetes of *Plasmodium berghei*

Number 5, September 1990

447 C. S. L. ONG, K. Y. ZHANG, S. J. EIDA, P. M. GRAVES, C. DOW, M. LOOKER, N. C. ROGERS, P. L. CHIODINI and G. A. T. TARGETT: The primary antibody response of malaria patients to *Plasmodium falciparum* sexual stage antigens which are potential transmission blocking vaccine candidates

457 R. RAMASAMY and H. M. GEYSEN: Novel cross-reactive epitopes on asexual blood stage antigens of *Plasmodium falciparum*

473 A. SUHRBIER, L. WINGER, C. O'DOWD, K. HODIVALA and R. E. SINDEN: An antigen specific to the liver stage of rodent malaria recognized by a monoclonal antibody

483 H. MOLL, K. BINÖDER, C. BOGDAN, W. SOLBACH and M. RÖLLINGHOFF: Production of tumour necrosis factor during murine cutaneous leishmaniasis

495 G. MENGISTU, H. O. AKUFFO, T. YEMANE-BERHAN, S. BRITTON and T. E. FEHNIGER: Serum antibody specificities to *Leishmania aethiopica* antigens in patients with localized and diffuse cutaneous leishmaniasis

509 K. J. ELSE, D. WAKELIN, D. L. WASSOM and K. M. HAUDA: MHC-restricted antibody responses to *Trichuris muris* excretory/secretory (E/S) antigen

529 G. MAZZA, D. W. DUNNE and A. E. BUTTERWORTH: Antibody isotype responses to the *Schistosoma mansoni* schistosomulum in the CBA/N mouse induced by different stages of the parasite life cycle

545 P. B. BILLINGS, N. UTSAKHIT and S. SIRISINHA: Monoclonal antibodies against *Opisthorchis viverrini* antigens

Number 6, November 1990

559 G. F. MITCHELL, M. D. WRIGHT, S. M. WOOD and W. U. TIU: Further studies on variable resistance of 129/J and C57BL/6 mice to infection with *Schistosoma japonicum* and *Schistosoma mansoni*

569 Q. D. BICKLE, M. SACKO and D. A. A. VIGNALI: Induction of immunity against *Schistosoma mansoni* by drug (Ro11-3128)-terminated infections: analysis of surface antigen recognition

587 R. CARTER, P. M. GRAVES, D. B. KEISTER and I. A. QUAKYI: Properties of epitopes of Pfs 48/45, a target of transmission blocking monoclonal antibodies, on gametes of different isolates of *Plasmodium falciparum*

605 A. J. VENN, R. F. ANDERS, B. L. PIKE and K. SHORTMAN: Clonal repertoire analysis of murine B cells specific for repeat sequence antigens of *Plasmodium falciparum*

623 K. S. OVINGTON, N. C. SMITH and H. S. JOYSEY: Oxygen derived free radicals and the course of *Eimeria vermiformis* infection in inbred strains of mice

633 S. A. KANALEY and S. E. FORD: Lectin binding characteristics of haemocytes and parasites in the oyster, *Crassostrea virginica*, infected with *Haplosporidium nelsoni* (MSX)

647 D. M. MWANGI, J. HOPKINS and A. G. LUCKINS: Cellular phenotypes in *Trypanosoma congolense* infected sheep: The local skin reaction

659 B. GOTTSTEIN, G. R. HARRIMAN, J. T. CONRAD and T. E. NASH: Antigenic variation in *Giardia lamblia*: cellular and humoral immune response in a mouse model

675 M. TUOHY, D. A. LAMMAS, D. WAKELIN, J. F. HUNTLEY, G. F. J. NEWLANDS and H. R. P. MILLER: Functional correlations between mucosal mast cell activity and immunity to *Trichinella spiralis* in high and low responder mice

687 E. SCIUTTO, G. FRAGOSO, L. TRUEBA, D. LEMUS, R. M. MONTOYA, M. L. DIAZ, T. GOVEZENSKY, C. LOMELI, G. TAPIA and C. LARRALDE: Cysticercosis vaccine: cross protecting immunity with *T. solium* antigens against experimental murine *T. crassiceps* cysticercosis

697 Author index to volume 12
